WHY METRO-MISSIONS?

Metro-Missions, an evangelizing arm of the Home

Metro Missions, an evangelizing arm of the Home Missions Division of the United Pentecostal Church, International, is a means to send men and women into the metropolitan areas of the United States to establish churches.

It has been said that 80% of the world's population live in metropolitan areas around the world. As you read this article, consider where you attend church. Many will agree that the church has predominately focused on

the locations that contain the 20% rather than the 80%.

The great commission is clear. We are to go and teach all nations. What an opportunity awaits us to fulfill this great commission! Many say, "I am glad that you were called to the foreign field because I just couldn't go there myself." There is great news.

You don't have to go outside of your own country to "teach all nations."

The mission field has come to the United States.

The United States has become a great mission field with 9 metropolitan areas alone. Over 11,854,118 people who were born outside of the United States are living in those areas. If we are conservative and assume that each of these, on average, has 2 family members attached to them who are now U.S. citizens, the number jumps significantly to 48,785,092. Again, this is just those who are very closely linked to another culture yet are living within the borders of only 9 U.S. metropolitan areas! With a total population in these areas of 80,698,203, it is feasible to believe that over half have links to nations outside of our own.

God's most powerful mechanism is the local church. It is the local church that will effectively

reach such areas. Perhaps this will transpire through the beginning of a daughter work; perhaps through the sending of men and women; perhaps through supporting a Metro Missionary.

For many, it is a fearful thought to open our doors to the multitudes of whom we do not understand. We can not relate to their cultures, styles of worship, or languages. Let us bridge this gap by reaching into these communities and finding men and women who can then go back and reach their own and perhaps return to their homelands to be engaged in revival afar off.

"...and ye shall be witnesses unto me both in Jerusalem, and in all Judaea, and in Samaria, and unto the uttermost part of the earth" (Acts 1:8). It begins at home. What an awesome God we serve for He has brought the harvest to us. What will we do to reap what is setting ready in our back yard? Why Metro Missions? Perhaps it can be answered with this question: why not?

THANK YOU KENTUCKY DISTRICT U.P.C.!

The Kentucky district holds the distinct honor of having the most dollars committed to New Haven Metro than any other district. Thank you Kentucky for having a heart for missions!
